to Cad Symbols:-

1) Line
2) Polyline
3) Circle
4) Arc
5) Rectangle
6) Ellipse
7) Hatch
8) Move
9) Copy
10) Stretch
11) Rotate
12) Mirror
13) Scale
14) Trim
15) Fillet
16) Arrey
17) Erase
18) Explode
19) Offset

Sketch free hand the graphical symbols for the following Engineering items.

Electronics and Electrical

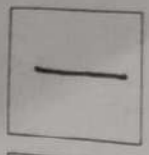

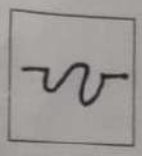

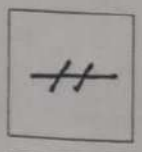

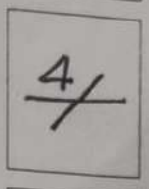

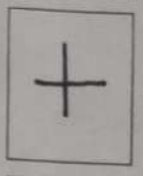

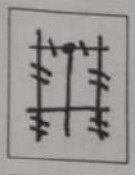

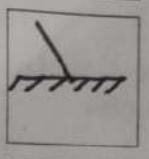

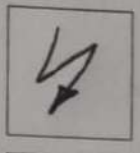

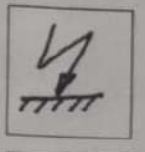

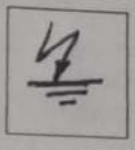

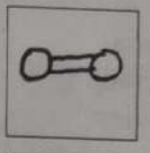

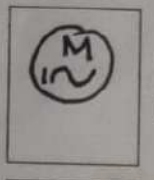

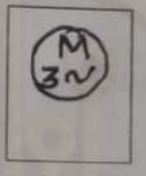

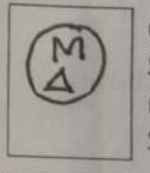

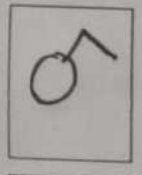

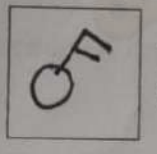

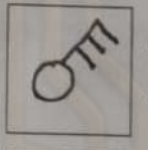

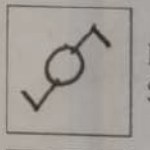

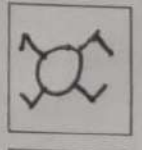

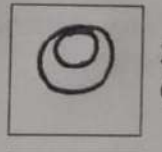

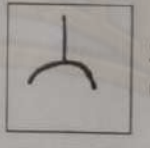

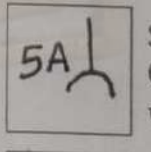

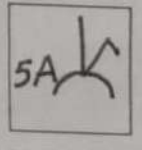

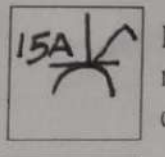

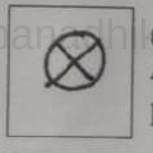

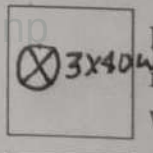

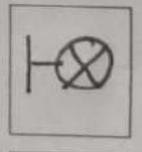

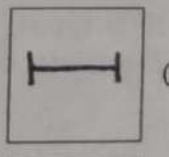

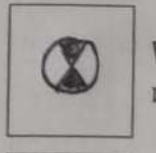

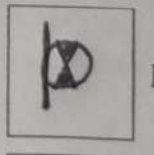

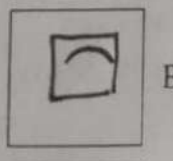

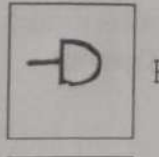

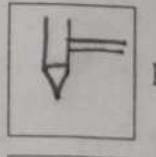

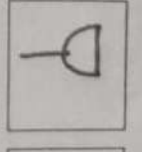

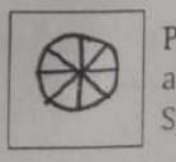

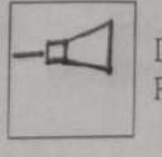

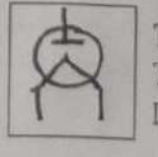

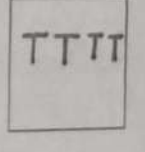

Amplifier		Antenna		Arrester		Battery	
Circuit Breaker		Capacitor		Coil		Connector	
Electric Contact		Core		Fuse		Directional Coupler	
Ground		Handset		Rectifier		Visual Signaling device	
Receiver		Repeater		Ground		Handset	
Thermocouple		Inductor Winding		Incandescent Lamp		Ballast Lamp	
Transformer		Switch		Resistor		Transmission Path	
Generator		Motor		Solenoid		Thermostat	
Thermistor		Variable Resistor		Voltmeter		NPN-type Transistor	
PNP-type Transistor		Direct Current		Alternating Current		Power Frequency	
Apparatus & Machine suitable for DC or AC		Half-wave Rectifier		Line or Cable existing		Line or Cable planned	
Silicon Controlled Rectifier		Power Line		Underground Cable		Overhead Line	

Available on notes.arpanadhikari7.com.np

Conductors or a group of Conductors		Flexible Conductors		Two Conductors	
Four Conductors		Junction of Conductors		Crossing without Electrical Connection	
Frame and Chassis Connection		Fault		Fault to Frame	
Mechanically Coupled Machine		DC Generator		AC Generator	
AC Motor Single Phase		Three Phase Motor		Three Phase Motor in Delta Connection	
Two Pole Switch		Three Pole Switch		Two Way Switch	
Push Button Switch		Socket Outlets		Socket Outlets, 5A	
Socket Outlets, 15A with Switch		Lamp mounted on ceiling		Group of 3, 40 Watt Lamp	
Fluorescent Lamp		Ceiling Fan		Wall mounted Fan	
Fan Regulator		Bell		Pickup	
Siren		Public addressing System		Diode with Filament

Conductors or a group of Conductors		Flexible Conductors		Two Conductors		Three Conductors	
Four Conductors		Junction of Conductors		Crossing without Electrical Connection		Crossing and Connecting Conductors	
Frame and Chassis Connection		Fault		Fault to Frame		Earth Fault	
Mechanically Coupled Machine		DC Generator		AC Generator		DC Motor	
AC Motor Single Phase		Three Phase Motor		Three Phase Motor in Delta Connection		One Way Switch (Single Pole Switch)	
Two Pole Switch		Three Pole Switch		Two Way Switch		Intermediate Switch	
Push Button Switch		Socket Outlets		Socket Outlets, 5A		Socket Outlets, 5A with Switch	
Socket Outlets, 15A with Switch		Lamp mounted on ceiling		Group of 3, 40 Watt Lamp		Lamp mounted on wall	
Fluorescent Lamp		Ceiling Fan		Wall mounted Fan		Exhaust Fan	
Fan Regulator		Bell		Pickup		Buzzer	
Siren		Public addressing System		Diode with Filament		Telephone-Telegraph Line

Sketch freehand the graphical symbols for the following welding items.

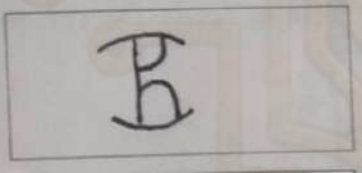

Lap Weld 

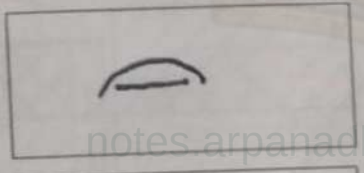

Square Butt 

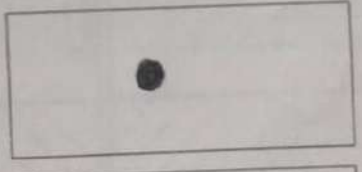

Double V-Butt 

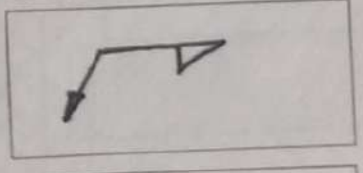

Double U- Butt 

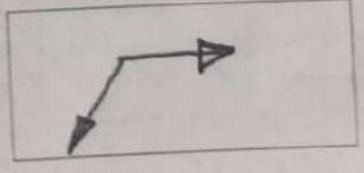

Single Bevel Butt 

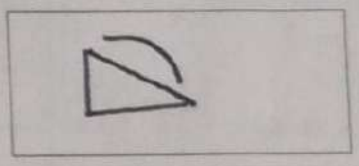

Double J-Butt 

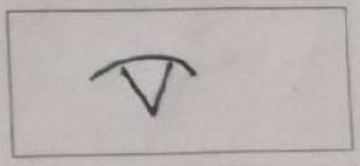

Bead or Edge Weld 

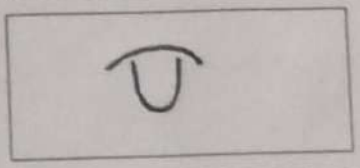

Field Weld 

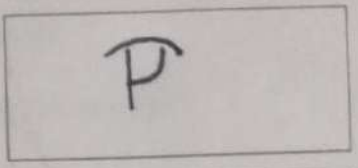

Fillet Weld on own side of joints 

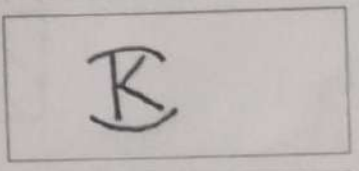

Fillet weld on both sides of joint 

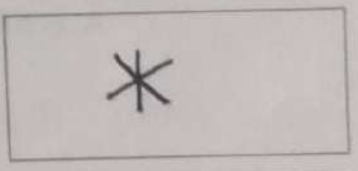

Fillet 

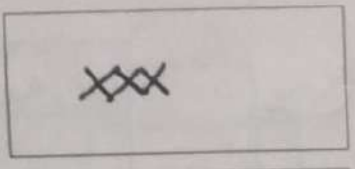

Single V-Butt 

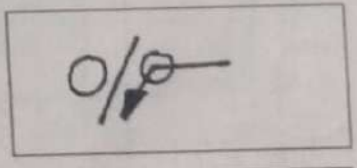

Single U-Butt 

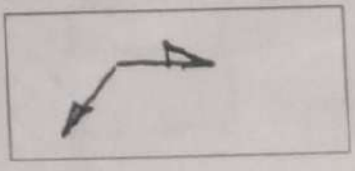

Single J-Butt 

Double Bevel Butt 

Spot Weld 

Seam Weld 

Weld all around 

Fillet weld on opposite side of joint
