GANDAKI COLLEGE OF ENGINEERING AND SCIENCE

Level: Bachelor | Semester: Spring | Year : 2025
Programme: BE CE V | Full Marks: 100
Course: **Engineering Management** | Pass Marks: 45
Time : 3hrs.

Candidates are required to give their answers in their own words as far as practicable

The figures in the margin indicate full marks

Attempt all the questions.

1. a) What is Management? Explain fourteen principles of management. 8
   b) Explain the various engineering functions of management in an organization 7

   OR

   What is organization? Explain the characteristics of good organization.

2. a) What is planning and why is it important? Explain the different levels of planning. 7
   b) What is organizational structure? Discuss different types of organization structure. 8

3. a) Define leadership. What are the different types of leadership styles? Explain. 8
   b) Explain Dual factor theory of motivation.. 7

notes.arpanadhikari7.com.np

4. a) What do you mean by human resource management? Explain the selection process along with the steps in the process. 8

   OR

   Explain the functions of human resource management. Also explain the possible challenges in managing human resources in an organization.
   b) What is job analysis? Explain its components. 7

5. a) What do you mean by controlling? Why is it important in an organization? Explain. 7

   b) Is conflict good or bad for organization? Give your opinion explaining the various strategies used in management of conflict. 8

Available on notes.arpanadhikari7.com.np

6. a) What is the importance of performance appraisal? Explain various methods of performance appraisal. 7

b) What is change management? Explain the steps in change management process. 8

7. Write short notes on: (Any two) 2 × 5

a) On the job and off the job training

b) Learning organization

c) Formal and informal organizations

notes.arpanadhikari7.com.np

Available on notes.arpanadhikari7.com.np

Pokhara University

Everest Engineering College

Final Internal Assessment
Fall- 2025

Level: Bachelor | **F.M.** 100
Program: BE (CMP) | **P.M.** 45
Section: A/B | **Time:** 3 Hrs.

Subject: Engineering Management (5th Semester)

Attempt all the questions.

1	a)	What is management? Discuss about the various levels of management? Write down the characteristics of organization.	7
	b)	What are the roles and responsibilities of an Engineering Manager? What are the various skills necessary to become an efficient manager?	8
2	a)	What is Planning? What are the various types of planning? Define them. Discuss about the limitation of planning.	8
	b)	What is organizing? Write down the various processes of organizing. Discuss about the merits and demerits of organizing?	7
3	c)	What is motivation? What are the various techniques of motivation? Is fear a form of motivation? Discuss.	7
	d)	Describe the concept of leadership. What are its characteristics? What are the different styles of leadership? Explain. How does a leader differ from a boss? Distinguish them.	8
4	a)	What is human resource management? What are the objectives of HRM? Write down its function with relevant examples?	8
	b)	What is a Job? Differentiate between Job Analysis Vs Job Specification Vs Job Description. What is the use of Job Analysis?	7

notes.arpanadhikari7.com.np

Available on notes.arpanadhikari7.com.np

5 a) What is recruitment? What are the various sources of recruitment? Write about the various methods of recruitment. 7

b) What is training? Write down the features and benefits of training. Differentiate between on job training Vs off job training. 8

6 a) What is quality management? Discuss about the principles of quality management. Write down the benefits of quality management. What is innovation management and disruption? 8

b) What is conflict? Describe various levels of conflict. What is conflict resolution? What are the various methods you can adopt to settle or resolve a conflict? 7

7 Write short notes on: *(Any Two)* 5*2=10

a) Cost Management.
b) Performance Appraisal
c) SWOT Analysis
d) Maslow's Hierarchy of needs
e) Quality Assurance

notes.arpanadhikari7.com.np

Good Luck

Available on notes.arpanadhikari7.com.np

Lumbini Engineering, Management & Science College
Final Internal Exam 2026

Level: Bachelor **Full Marks: 100**
Program: Computer Engineering **Pass Marks: 45**
Subject: Engineering Management

Attempt ALL questions. (40 marks)

1. Define management. Explain the importance of management for engineers.
2. Differentiate between efficiency and effectiveness with examples of engineering.
3. Explain the concept of span of control and its impact on project performance.
4. What is motivation? Briefly explain Maslow's hierarchy of needs in engineering organizations.
5. Define leadership. Distinguish between autocratic and democratic leadership styles.
6. What is planning? Explain the steps of planning in engineering projects.
7. Define organizational structure. Explain line and functional organization.
8. Write short notes on:
   a) Engineering ethics
   b) Professional responsibility of engineers

Attempt ANY FIVE questions. (50 marks)

1. Explain the functions of management (planning, organizing, staffing, leading, controlling) with suitable engineering examples.
2. Discuss decision-making processes in engineering management. Explain different decision-making techniques.
3. Explain the staffing process and importance of human resource management in engineering firms.
4. Describe communication process and barriers to effective communication in engineering projects.
5. Explain project management tools such as Bar chart, CPM, and PERT with advantages. Discuss teamwork and conflict management in engineering organizations.
6. Explain quality management concepts and their importance in construction/engineering projects.

Section C (Case Study) 10 Marks

notes.arpanadhikari7.com.np

A construction company is facing project delay, worker dissatisfaction, and cost overrun. The project manager follows a strict authoritarian leadership style, communication between departments is poor, and workers lack motivation.

Questions:
a) Identify the major management problems in the case. (4 marks)
b) Suggest suitable leadership and motivation strategies to improve project performance. (6 marks)

Available on notes.arpanadhikari7.com.np

COSMOS COLLEGE
OF MANAGEMENT AND TECHNOLOGY

Term Test I

Date: 2082/10/2			
Level	BE	Full Marks	50
Programme	BCE	Time	
Semester	V	1.5 hrs	

Subject: - Engineering Management

- ✓ *Candidates are required to give their answers in their own words as far as practicable.*
- ✓ *Attempt All questions.*
- ✓ *The figures in the margin indicate Full Marks.*
- ✓ *Assume suitable data if necessary.*

1. What is management? What are the different functions of management. [7]
2. What is Organization and what are different types of organization with its merits and demerits? [8]
3. What is planning? What are the different levels of planning [7]
4. What is Leadership? Explain the different types of leadership style with its merit and demerit. [8]
5. Explain dual factor theory of motivation. How it differs the Maslow's hierarchy of needs theory. [7]
6. What is organization structure and explain any two structure with its merits and demerits? [8]
7. Write short notes on : [Any one] [5*1=5]
   a) Importance of Management in Technology Driven Environment
   b) Benefits of learning organization

401

Universal Engineering & Science College

Affiliated to Pokhara University

Chakupat, Lalitpur

Level: Bachelor	Semester: 5th	Year : 2026
Programme : BE Computer	Time : 3 hours	Full Marks: 100
Subject: Engineering Management	**SET: A**	Pass Marks: 45

Pre-Board Examination -2082 (Fall 2025)

Instructions:

1. Attempt all questions.
2. Figures in the margin indicate full marks.
3. Draw neat diagrams wherever necessary.
4. Assume suitable data if required and state clearly.

---------- Section A ----------

(5 × 10 = 50 Marks)

1. Define management. Explain the functions of management and discuss their importance in technology-driven organizations. [10]

2. Explain the levels of planning (strategic, tactical and operational).Describe the steps involved in the planning process with suitable examples from ICT enterprises. [10]

3. Discuss different types of organizational structures:
   a) Line structure
   b) Functional structure
   c) Matrix structure
   Compare traditional and modern organizational structures. [10]

4. Explain the following motivation theories and discuss their relevance in managing technical workforce:
   a) Maslow's Hierarchy of Needs
   b) Herzberg's Two-Factor Theory
   c) Expectancy Theory [10]

Available on notes.arpanadhikari7.com.np

5. a) Define Human Resource Management. Explain recruitment and selection, training (on-the-job and off-the-job), and performance appraisal methods in engineering organizations. [10]

OR

(b) Explain the concept of control in management. Discuss the process of control, types of control, and ICT tools used for effective control in engineering projects and organizations. [10]

---------- Section B ----------

(10 × 5 = 50 Marks)

6. Explain the principles of management.
7. Differentiate between formal and informal organization.
8. Explain the process of organizing.
9. Discuss leadership styles: autocratic, democratic and transformational.
10. Explain techniques for motivating technical workforce in ICT industries.
11. Write short notes on:

a) Job analysis b) Job description c) Job specification

12. Explain the importance and process of control in engineering projects.
13. (a) Discuss challenges in managing the ICT workforce.

OR

(b) Explain the characteristics of a learning organization in the ICT industry.

14. (a) Explain participative management and conflict resolution.

OR

(b) Discuss emerging planning and organizing issues for ICT enterprises.

15. Discuss emerging trends in engineering management such as innovation management and change management.

Available on notes.arpanadhikari7.com.np

Madan Bhandari College of Engineering

Urlabari-3, Morang

Final Internal Examination (Fall 2025)

Level: Bachelor | Full Marks: 100

Programme: B.E. Computer | Pass Marks: 45

Year/Part: III/I | Time: 3 hrs

Subject: - Engineering Management (Set B)

✓ *Candidates are required to give their answers in their own words as far as possible. Attempt all question*

1) a) What is EM? Explain the principles of EM [2+6]

OR

a) Explain the characteristics and types of organization with suitable examples

b) Discuss the Importance of management in technology-driven environments [7]

2) a) What is planning? Explain different levels of planning with examples [2+6]

b) What is organizing? Differentiate between traditional and modern structure of organization [1+6]

3) a) Discuss Emerging planning and organizing issues for ICT enterprises [7]

b) What do you mean by motivation? Explain briefly about different motivational theories [1+7]

4) a) What is learning organization? List out the Characteristics of learning organization in the ICT industry [2+6]

b) Discuss about leaderships styles with suitable examples [7]

notes.arpanadhikari7.com.np

5) a) What is HRM? Explain the functions and responsibilities of HRM in software industry [2+6]

b) Explain Job analysis, job specification and job description [2+2+3]

6) a) Why training is important for employees? Explain about on-the-job and off-the job training with examples [2+6]

b) Discuss the Emerging trends in engineering management [7]

7) Write short notes on any TWO:

a) Expectancy and Equity

b) Participative management

c) Motivation Techniques

Available on notes.arpanadhikari7.com.np

UNITED TECHNICAL COLLEGE

Level: Bachelor | Semester – V | Year : 2025
Programme: BE | Full Marks: 50
Course: Engineering Management | Time : 1.5hrs.

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Attempt all the questions.

1. a) Define management and discuss the four primary functions of management in the context of a technology-based organization. 7
   b) Describe the specific roles and responsibilities of an engineering manager. How do these roles differ from a general manager? 8

2. a) Explain the different steps involved in the planning process. Why is planning considered a prerequisite for effective control? 7
   b) Compare and contrast traditional organization structures (Line and Functional) with modern matrix structures. When should an ICT enterprise prefer a matrix structure? 8

   OR

   Discuss the emerging planning and organizing issues for ICT enterprises in the current globalized economy.

3. a) Explain Equity Theory of motivation. How can a manager use this theory to ensure fairness in a technical team? 8
   b) Differentiate between Servant and Transformational leadership styles. Which style is more effective for managing software development teams? 7

notes.arpanadhikari7.com.np

4. a) What is Human Resource Management (HRM)? Explain the functions of HRM with a focus on recruitment and selection for IT professionals. 8
   b) Describe the control process. How can ICT tools be used for the effective control of engineering projects? 7

5. a) Explain the importance of training and development. Differentiate between "on-the-job" and "off-the-job" training methods. 8
   b) Discuss the challenges involved in managing the ICT workforce and propose strategies to improve employee retention. 7

6. a) Define "Innovation Management" and "Disruption." Explain how a company like Netflix or Uber illustrates these concepts. 7
   b) Discuss the process of Change Management and its importance in maintaining organizational competitiveness. 8

Available on notes.arpanadhikari7.com.np

7. Write short notes (**Any One**):

a) Virtual Organization

b) Job Description vs. Job Specification

c) Participative Management

notes.arpanadhikari7.com.np

Available on notes.arpanadhikari7.com.np

Nepal Engineering College

Assessment Examination-Fall

Level: Bachelor — Year:2025
Programme: Computer (V-Semester) — Full Marks: 100
Subject: Engineering Management — Pass Marks: 45
Time: 3hrs

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Attempt all questions.

1) a. Define management. And explain the different functions of management. [7]

   b. What is the scope of management? Explain different scopes of management. And also explain the importance of management in technology- driven environment. [8]

2) a. Define planning and its different levels with real life examples. Explain any five efficient tools of planning. [7]

   b. What is organization structure? Explain the functional-organization structure with a neat sketch. Make a note of its advantages and disadvantages. [8]

3) a. What is motivation in management? Explain attitude motivation and group motivation with real life examples. [8]

   b. Explain Maslow's hierarchy of needs-motivation theory with neat sketch. [7]

4) a. What is leadership in an organization? Explain different styles of leadership with examples. [7]

   b. What is transformational leadership? Do you think, Nepal really needs the transformational leadership in government at the [8]

5) a. What is human resource management? Explain the process of human resource management with all its steps with a neat sketch. [7]

   b. What is performance appraisal? How do you carry out this performance appraisal in your software company, XYZ if you [8]

à a. What are the challenges encountered in managing people in ICT workforce? Explain them with examples. [7]

   b. What are the different techniques for implementing the control function of the management in an organization? Explain them with examples. [8]

7) Write Short Notes (***Any Two***) **2*5**

   a) Conflict resolution.

   b) TQM.

   c) Project management software tools.

POKHARA UNIVERSITY
FACULTY OF SCINCE AND TECHNOLOGY
SCHOOL OF ENGINEERING

Exam	Final Internal Examination 2082		
Level	B. E.	F M	100
Programme	computer	P M	45
Year/Part	III/I	Time	3 Hrs

Subject: Engineering Management

Candidates are required to give answers in their own words as far as practicable.
The figure in the margin indicates full marks.
Attempt all the questions

1 a) Explain the basic management functions illustrating the implications of it in Engineering 8

b) Which type of organizational structure do you think is suitable for an engineering project and why do you think it is suitable? Explain. 7

2 a) What are the features of organization? Differentiate between formal, informal and Virtual organization 8

b) Define planning. Explain the basic steps in any planning process. 7

3 a) How strategic planning differs from tactical and operational planning? How do they complement each other? 8

b) Explain Job Analysis and Job Description along with suitable example 7

4 a) What are the functions of Human Resource Management Explain in brief 8

b) Explain Herzberg's theory of motivation. What are the implications of this theory for motivational practices? 7

5 a) Explain different types of control system. How do they differ from each other? 7

b) Discuss the concept and features of MIS and DSS 8

6 a) What is SWOT analysis? what significance does it have for strategy formulation? Perform a situation (SWOT) analysis for the college you attend. 8

b) Explain different type of Leadership style. Which leadership do you prefer in Nepalese project, if any and why? Explain 7

7. Write short notes on: (Any two) (5*2=10)

a) Participative management

b) CPM/PERT

c) Change management

POKHARA ENGINEERING COLLEGE

Level: Bachelor
Programme: BE, Computer 5th

Year : 2026
Full Marks : 100
Pass Mark : 45
Time : 3 hrs

Course: Engineering Management

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Attempt all the questions.

1. a. What do you understand by engineering management? Briefly explain the engineering functions in organizations. 7
   b. What do understand by organization? Explain various principles of organization. 8
2. a. What is planning? Explain different levels of planning. 7
   b. Explain matrix organizational structure with a suitable figure. 8
3. a. Explain dual factor theory of motivation of Herberz. 7
   b. Explain job analysis, job description and job specification function of human resource management. 8
4. a. What is meant by training? Explain different methods of training. 7
   b. What is meant by leadership? Explain different types of leadership styles. 8
5. a. Why Nepalese organizations fail to appoint competent manpower? Give your opinion. 7
   b. What is your opinion regarding conflict in organizations? Are conflicts always bad for organizations? What are the sources of conflict? 8
6. a. Explain different methods of conflict resolution techniques. 7
   b. Briefly explain the various ICT tools for effective control of engineering projects and organizations. 8
7. Write short notes on **any two:** 2×5
   a. Participate management
   b. Levels of management
   c. Process of control
   d. Learning organization in ICT industry

Dhangadhi, Kailali

Pre- University Examination

Level: Bachelor	**Semester- V Fall**	**Year : 2025**
Programme: BE Computer		**Full Marks: 100**
Course: Engineering Management		**Pass Marks: 45**
		Time : 3 hrs

Candidates are required to give their answer in their own words as far as practicable. The figure in the margin indicates full marks.

Attempt all the questions.

1. a) Define management and critically examine its functions in achieving organizational objectives. [7]
   b) Compare formal, informal, and virtual organizations and evaluate their impact on innovation and teamwork in technology firms. [8]

2. a) Explain the levels of planning strategic, tactical, and operational with examples from IT organizations. [7]
   b) Explain the major emerging challenges in planning and organizing ICT enterprises in the era of digital transformation. [8]

3. a) Explain Maslow's hierarchy of needs theory and its relevance in motivating computer engineers.[8]
   b) Define leadership and analyze different leadership styles suitable for managing ICT-based projects. [7]

4. a) Define Human Resource Management and critically examine its functions in managing technical workforce. [7]
   b) Explain on-the-job and off-the-job training methods used in technology companies. [8]

5. a) Explain the concept of conflict management and describe various types of conflict based on the parties involved in an organization. [7]
   b) Define change management and critically analyze Kurt Lewin's three-stage model of change. [8]

6. a) Explain the control process and analyze different types of control used in IT project management. [8]

Available on notes.arpanadhikari7.com.np

b) Describe the roles and responsibilities of an engineering manager and explain how they differ from traditional managers. [7]

7. Write short notes on: *[Any Two]* [2x5]
   a) Virtual Organization
   b) Learning Organization
   c) Performance Appraisal
